About the programme

The OverSEAs Internship/Research Programme at Graz University of Technology (TU Graz) offers a unique study experience, allowing you to stay with researchers at TU Graz or to work at partner companies. Develop professional skills, gain insights into cutting-edge research, and immerse yourself into Austrian culture—all in English, with no German required.

Application Deadline

Nomination by home university: 15 February
Application at TU Graz by student: 01 March

Students from OverSEAs partner universities of TU Graz are eligible to participate. Please contact the International Office of your home university if you want to apply. They can nominate you for this programme.

What's in it for you?

This programme offers the chance to:

- enhance professional skills
- build intercultural and social competences
- experience the vibrant student city of Graz, Austria
- explore neighbouring countries in central Europe
